

Summer's Almost Here...

BUT, don't forget these tips to avoid a ticket

- During Finals Week—You will need a permit to park on campus until noon on Wednesday, May 9.
- **Don't** block entrances to buildings, park erratically, park at meters without making proper payment, park in handicapped spaces, or block dumpsters.
- If you need to move **HEAVY** items out of your residence hall, you may park in the load/unload areas for up to 15 minutes with your flashers on. Please don't abuse this privilege or you will be ticketed. Remember, *do not* park in service or reserved areas, or block dumpsters.
- Permits are needed during the summer sessions. Please keep your current permit displayed.
- For special parking needs, call 395-PARK.

Fall parking permits may be purchased starting May 14 by using e-Parking at www.basc1.com/parking.
