SUNY Brockport's Dining Services have been rated #1 *again* thanks to our students! Being ranked #1 out of all SUNY schools is a title we've held consecutively since the late 1980's, and is the result of the Student Opinion Survey (SOS) administered most recently in the spring. SUNY Brockport Dining Services is committed to offering quality, convenience, and variety. But the primary reason we continue to earn such high marks from students is that Dining Services really listens to what students want and works continuously to meet your needs.

The SOS is administered to undergraduate students across the SUNY system every three years for the purpose of determining student satisfaction with the programs, services and facilities provided by their respective campuses. This year's survey was completed by 915 randomly selected SUNY Brockport students. The pool of participants ranged from freshmen to seniors and included both on and off campus students.

SUNY Brockport's Dining Services are operated by Brockport Auxiliary Service Corporation (BASC), which is responsible for the operation of services and enterprises supplemental to the educational mission of the College. Other areas under BASC which were rated in the recent SOS include parking services and the campus bookstore, operated by Barnes & Noble. Parking Services' score of student satisfaction increased significantly since the previous SOS and the Barnes & Noble College Bookstore maintained a high ranking among SUNY colleges, coming in third out of all comprehensive schools.
